You might ask, "What counts as a practice?" The answer is:

1. The practice length must be at least your age.
(10 years old = at least 10 minutes practice)
2. The practice must contain what your teacher assigned.
(Review pieces, scale, note reading, working piece, and preview spots)
3. Your practice coach (mom, dad, grandparent) must approve the practice.

That's it! You may practice more than one time per day.

Concert will be chosen from the following:

Twinkles
Lightly Row
May Song
Allegro
Etude
Minuet 2 (with duet part)
McNab's Hornpipe
